

TRISONICS EVENT 1

The TriSonics take home the blue banner at their first event! Last weekend, the TriSonics competed at their first event at Kettering University in Flint, Michigan. After the six week build season, all of the team's hard work came to fruition. The team arrived at the event on Thursday to set up and matches began on Friday morning. Also on Friday, Chairman's team presented to the judges. After qualification matches on Saturday morning, the TriSonics were ranked #1 out of 39 teams. Competing on the #1 alliance, the TriSonics won the entire event with the help of FRC 494, Martians, and FRC 7144, NexTech Hydra. The TriSonics are competing at the West Michigan District at Grand Valley State University on March 22-24.

Day 1

Qualification matches began Friday morning and at the end of the day, the TriSonics were ranked #1 with a record of 8-1. The Chairman's team presented to the team to the judges, pictured to the right, about our team and how we help the community.

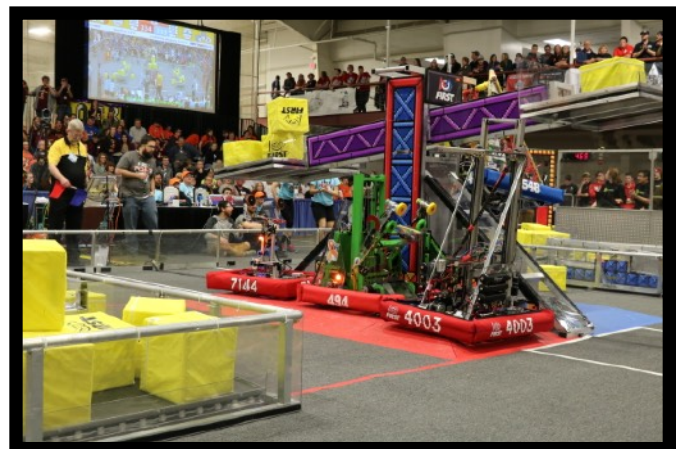

Day 2

At the end of qualification matches, the TriSonics were ranked #1, having won 11 matches and lost 1. This meant that the TriSonics would play in the playoff matches as the #1 seeded alliance. With the help of teams 494, the Martians, and 7144, NexTech Hydra, the TriSonics won the event and took home a blue banner. In addition, the TriSonics also won the Innovation in Control Award which celebrates excellence in the control system and control components of the robot. The team had an awesome experience competing with other teams from across the state and is looking forward to the next event at Grand Valley State University.

Next Up - GVSU District Event

Come check us out at our second event at the GVSU Fieldhouse on March 23 & 24!

THANK-YOU 2018 SPONSORS!
