**PARENT AREAS OF INTEREST FOR HELPING:**

It will always be welcomed for parents to help on the team. There are many areas that you, as a parent, can help (see the "Parent & Non-Engineer" handout). If you are interested in helping please note some areas where you would like to help.

**Team PARTICIPATION Fee(s):**

As a team, there are extensive costs associated with participating in a FIRST Robotics program. As a team we try to keep these costs to a minimum to students and work primarily through Sponsors and Grants but we do have participation fees to help with the expenses of the team. The fee for the team for the 2019 FRC Season will be \$175 per student to assist in covering the costs for team apparel, travel, food, etc. (Note that there will be an additional fee required if the team travels to the State (\$TBD) and/or World Championship (\$TBD) – Combined NTE \$500.) Checks can be made out to "Allendale High School" with "Allendale Robotics" noted in the Memo. Payments are due by February 2<sup>nd</sup>.

By signing this form, I acknowledge a non-refundable fee of \$175 and I am willing to pay for my child to participate (plus additional advancement fees). (If financial assistance may be needed please contact the team head coach.)
