

# TRISONICS

## STATE CHAMPIONSHIP

### The TriSonics take home TWO more blue banners!

On April 12-14, the TriSonics competed at the Michigan State Championship right here in Saginaw, Michigan. Since the last event, they fixed a few things: the clamp to grab the cubes, their climber, and the intake flippers. On Friday, the amazing Chairman's team presented to the judges again. Also on Friday, the TriSonics finished qualification matches ranked #3 out of 40 teams. Competing on the #3 alliance, the TriSonics won the Ford Division with the help of FRC 3098, The Captains, and FRC 2586, Copper Bots. The TriSonics then competed against the winners of the other three divisions and became 2018 Michigan State Champions! The TriSonics will now be competing in the World Championship in Detroit from April 26-28!

## Day 1

On Thursday, qualification matches began at Saginaw Valley State University and the TriSonics finished the day ranked #1 in the Ford Division. A total of 160 teams competed across four divisions.

## Next Up - World Championship

The TriSonics next event will be the FIRST Championship hosted in the Cobo Center in Detroit, Michigan from April 26-28.

## Day 2

On Friday, qualification matches were completed and the TriSonics finished the competition ranked #3 out of 40 teams on the Ford Division. The TriSonics went into the playoff matches of the tournament as the captain of the #3 alliance along with FRC team 3098, The Captains, and FRC 2586 Copper Bots. In addition, the Chairman's presentation team presented to the judges at the State Championship for the first

## Day 3

The TriSonics and their alliance competed in the Ford Division Playoff matches and won the division. After this, the team competed against the winners of the other divisions to become the Michigan State Champions. The TriSonics finished the season ranked
