February 17 – February 22

Week 7 Overview

This week, the team is in the final stretch of building the robot as we get closer to competition time.

The design team has been printing drawings and releasing designs for the build team. The design team has been focusing on the bumper assembly for the robot.

The build team is finishing the assembly for the chasse and the lift system of the robot. They've also attached the intake to the lift.

The programming team has been perfecting their code for the autonomous stage of the competition.

The sponsorship team has been working on the impact award, outreach, and the chili cookoff.

Team Focus

Sponsorship

This week is our Chili Cookoff on Sunday February 23rd at TrailPoint from 2-4pm. Sponsorship has been working to prepare and promote it. They've also been working on the Impact award for FIRST and have started on the interview/presentation part of the award. They've also been preparing the cancer ribbons and ducks that our team gives and sells at competitions to spread awareness.

This week with VEX

This week in VEX, team 61187D made it to state! They received the Teamwork Champion Award (VIQRC) at the Grandville Alpha VEX IQ Robotics Elementary League Competition. Teams VIQ 61187A and VIQ 61187D have both gotten an invite to the State Championships.
