March 3 – March 8

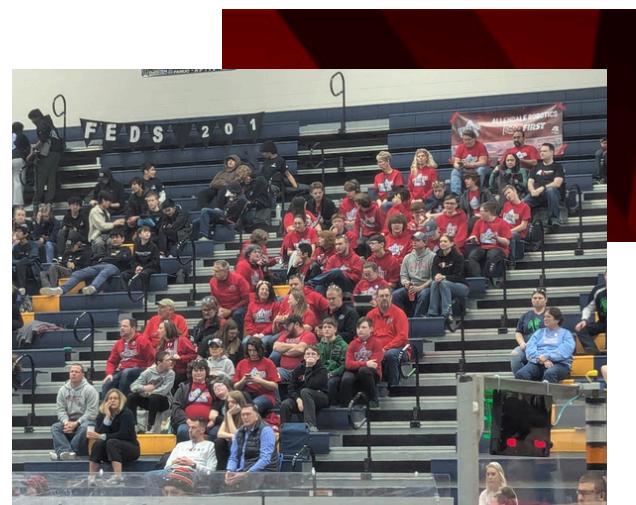

Week 9 Overview

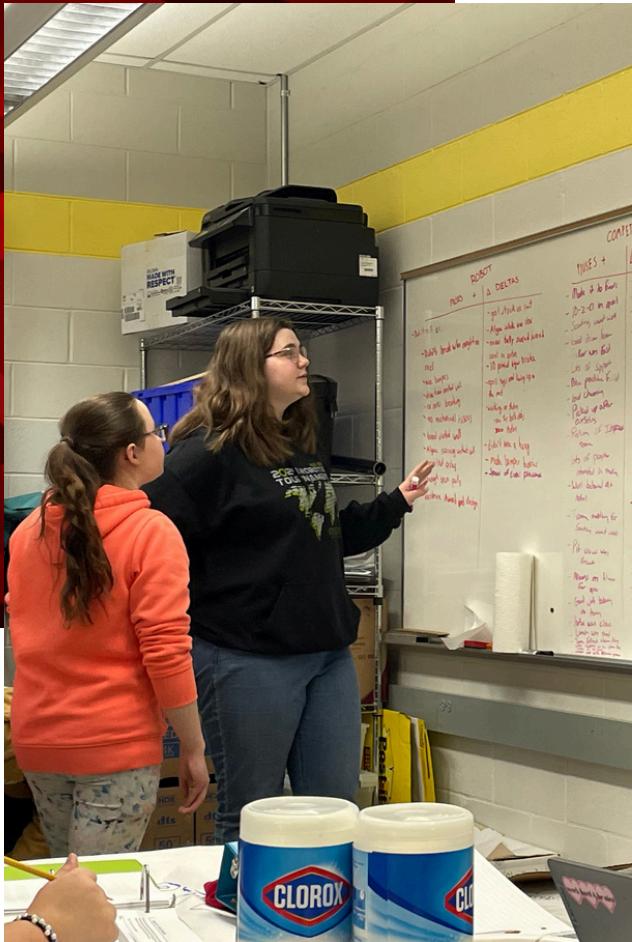

This week we took extra time to prepare for our Mt. Pleasant competition this weekend, we made \$116 on our cancer ducks fundraiser at the competition.

The build team started putting on the polycarb funnel and velcro's to keep it on. They also loaded the work carts and tool benches to bring to the competition.

The design team did finishing touches on the intake and made outline plans for our hanging system.

The programming team worked on the autonomous' for the competition and the final touches for the elevator and intake.

Team Focus

Competition

This weekend was our competition at Mt. Pleasant, Michigan. We got runner-up in the finals and won the Design and Engineering award. The next day our team got together to discuss our strengths and weaknesses and what we can do to improve upon them.

This week with VEX

This weekend, VIQ 61187A and VIQ 61187D competed at the State Championship. 61187D tied for 1st and ended up ranking 3rd in the State.

Our middle school team 61187D has also been invited to participate in the VEX World Championship event in May in Dallas, TX.
